

# **Ministry Updates**

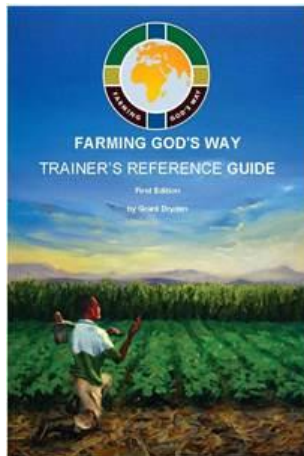

Dear Friends and Ministry Partners,

This week we celebrate God's activity through the lives of ministry partners in Cote d'Ivoire whom we have discipled or influenced. While Debbie pursued Women's Cycle of Life CHE training in Arizona, Verlin participated in meetings in Florida but was also able to speak with co-workers in Cote d'Ivoire. We will share the news from one pastor, and save the rest for later. Thank you for your prayers, as the Lord continues to bless the efforts of Ivorians.

Frank has moved his family and newborn to be with his maturing daughter in a community farther north. As a pastor who promoted the provision of God through [moringa oleifera](#) leaves to both heal and adequately nourish themselves, he witnessed an isolated church significantly increase the number attending and their influence in the village. Red Cross volunteers adopted the project

**Moringa Oleifera leaves**

**Farming God's Way - Manual**

after the blessing of the chief; more than forty attendees were added to the local church. Now more villagers praise God for the provision made freely available that they can develop themselves at will. Many children's lives have been saved physically; many more bless Christ as their Lord for His provision. Frank currently seeks land for a project to grow several plants and trees together in arid land. Corn and legume products can be quintupled and tripled in regional production for those who are learning [Farming God's Way](#) with its biblical and technical instruction and with reinvestment of their own labor, resources, and profit.

Please remember Frank and other unmentioned team members in a brief prayer now for their wisdom, protection, and faithfulness in daily walking with the Lord.

Your partners in the gospel,  
Verlin and Debbie

*The [Christian Health Service Corps \(CHSC\)](#) is a mission of dedicated medical professionals who participate in the CHE Global Network. Together, in a loose affiliation of individuals, churches, denominational and nondenominational agencies, we share God's Light and Truth through Community Health Evangelism (CHE). Unless rescinded, the network includes FWBIM.*
