

Ministry Updates

Tax deductible contributions by check are to be made payable to the CHSC with Anderson #0118 written on memo line. Mail to CHSC – PO Box 132 – Fruitvale, TX 75127. Give online via CHSC at www.che4a.org (3% fee) or [TDF](#) (0% fee)

This weeks summary is out a day later than usual because of events that kept us from getting it sent.

A summary of prayers being answered

Debbie recovers from her hernia repair surgery with members of all our family around her in Nashville. We're jointly willing her the time stateside to minimize activity stresses and allow for reparative rest of three months or more. We want to maximize her rest for healing to be ready for the work still before us.

Verlin can get in and out with the pick-up again as the wall has been mended. Friday and Saturday found him meeting with members of four different CHE teams while traveling to Abidjan to take a 10 day trip to the U.S. This will be the fourth year in a row that one, or both of us, have been able to visit and see supporters during the National Association of Free Will Baptists meeting and provide for testimony as needed to support ongoing transitions of land ownership that impact us and those with whom we minister. The bonus this year is that we get to see one another too during this unplanned separation. Verlin returns July 26 for activities here (Cote d'Ivoire). The planned and drop-by visits made in route to Abidjan for the flight to the U.S. reveal God continuing to add Community Health Evangelism and Community Health Engagement initiatives for the moment. The need for coordinative awareness is becoming critical, so, if someone knows of better solutions than Google Calendars for freely sharing schedules and DropBox for sharing files, ***please send us a return note!***

Other Reports for Prayer and Praise:

- Several Bible Discovery groups have been confirmed by visit as having started using the Disciple Multiplying Movement ([DMM](#)) strategy in Abidjan since the HCFI training we shared June 11. Verlin shared the essential practices last Sunday in a Bondoukou church hoping it will catch on as we use it to provide a measure of spiritual openness there.
- Four trainings besides the three at the university are known and set on the calendar for places as varied as a Bible institute in the northwest, a clinic to the south, and churches in the east and west!
- The ticket is purchased to provide for the participation of Alice M. to bless the name of the Lord during September's fourth annual university training. This former [Medical Ambassadors International](#) coordinator from Kenya now develops Community Health Engagement in N. Dakota.
- Our former CHE lesson input specialist is now involved in assisting some orphan and children's CHE ministries develop while at the same time helping some HCFI clinics learn to track their expenses to provide for better and more efficient care.

Your partners in the gospel, *Verlin and Debbie Anderson*
