Perhaps there is nothing more gratifying in ministry than to see people take advantage of opportunities to grow spiritually—then to put what they learn into practice! In June when [DMM \(Disciple Making Movement\) trainers came from France](#) to offer initial training, Verlin spent significant effort encouraging a young pastor that the two days of training could greatly benefit his ministry. He did finally decide to attend. By now in July, the pastor has started a Bible study with over twelve people, and SEVEN of the people in that Bible study are committed to leading their own Bible studies! Pastor D. is on fire with how this outreach can share the gospel more effectively and multiply disciples of Jesus more quickly. PTL!

Verlin returned safely in Cote d'Ivoire on July 26, Tuesday afternoon, after running to board his overseas flight at the Dulles airport Monday evening. Wednesday morning he headed four hours north to attend the FWB Ivorian National Assembly which began the prior evening. In upcoming weeks, we are eager to share more good news of the ever-expanding doors to use CHE (Community Health Evangelism) around the whole country that were solidified this week. One rural pastor was glad to know Debbie had been trained in [Women's Cycle of Life CHE](#) ministry (*read the [linked report from WCL in another country](#) to know of its impact*). In 2012 he and his wife stayed several days at our house while she sought treatment for some health issues. Debbie was able to share with her ways to prevent a common female illness. Since then, that pastor's wife has been able to help others with that knowledge and the pastor believes WCL training will build upon the meaningful outreach in their setting.

## ***Prayer and Praise:***

- The CHE training by Ivorians in the city of Man finished well.
- Pastor Edmond earnestly thanked Verlin at the meeting for the counsel he received by phone & email that shared means to deal with the stresses brought upon his young family. All are doing better. To remember this story, go to this link: <https://awaupdates.blogspot.com/2016/06/simple-gifts.html>
- Debbie's follow-up visit with her surgeon this week was encouraging. He explained that the slower and more painful recovery is to be expected since he took extra time in surgery and used many more sutures than usual to prevent a recurrent abdominal hernia. He thinks our plan wise that Debbie spend three months more (or plus) in the States to regain strength before returning to Cote d'Ivoire.
- We thank the Lord that Verlin discovered a phishing attack of our Paypal account and could handle the issue quickly. He was quite certain that Debbie had not ordered a fur stole from Nordstom's!
- Thank you for your faithful prayers and giving which allow us to touch the unsaved and believers in Cote d'Ivoire every day. Pray with us that lives will continue to be transformed in Jesus' name.

Your partners in the gospel, *Verlin and Debbie Anderson*
