Please make tax-deductible contributions by check payable to the CHSC. Write Anderson #0118 on the memo line.
Mail to CHSC – PO Box 132 – Fruitvale, TX 75127. Give online via CHSC at www.che4a.org (3% fee) or TDF (0% fee)

Taste and See ([Psalm 34:8](#))

It is fun to see international travelers enjoying American food, geography, and hospitality as they visit our country in hordes for the World Cup. Many seem surprised at the contrast between what they imagined or were told in their culture about the USA and the reality they see with their own eyes. From tears of awe at the Grand Canyon's immensity to jubilant praise for free refills at restaurants, numerous visitors appear enthralled by the experience.

It reminds us of the life-changing difference between just hearing about or observing Christianity from afar and experiencing the indwelling peace and joy of the Holy Spirit. It is a wonderful thing to testify of God's presence and goodness in our lives, but maybe sometimes we forget the best offer we have. Like the Samaritan woman after her encounter with Jesus, or Philip when he spoke to Nathanael, we can confidently tell people, "Come and see." King David put it this way in Psalm 34:8: "Taste and see that the Lord is good!" Every week, we share some of our "tasting and seeing" with the greatest hope that you, too, are doing the same.

Come and See ([Psalm 66:5](#))

Verlin made two trips to Abidjan in the past week—one planned and the other not. He attempted to get our freezer repaired and bought a much-needed stove. The repair did not work, and the new stove does not function properly. More importantly, he visited the new location where the CHE university team expects to host the trainers this September. With the highest number of preregistrations, this training will likely require more classes and more trainers, so he wanted to be sure the proposed lodging location will work.

New lodging option

Debbie did not get her MRI on Wednesday as planned. Her blood pressure was very high, which led to her shaking like a leaf for over two hours. She spent a few hours in the ER getting the blood pressure under control. This episode might have been caused by the growth on her adrenal gland, or not. She meets with her primary care doctor on Monday to devise a strategy for getting the MRI and addressing the new symptoms.

Prayer and Praise

- 🙏 Pray for the many details to finalize the upcoming CHE university training in September. It will be a significant year of change. This week, pray about the change in lodging and food preparation for the trainers.
- 🙏 Ask the Lord to give Debbie and her doctor wisdom in how to deal with the MRI situation. Pray that a second attempt will go well.
- 🙏 Verlin continues to have faith-based conversations with many people. Pray that God's Word will take root in hearts.

Your partners in the Gospel,
Verlin & Debbie
