AWA Ministry Updates

Please make tax-deductible contributions by checking payable to the CHSC. Write Anderson #0118 on the memo line.
Mail to CHSC – PO Box 132 – Fruitvale, TX 75127. Give online via CHSC at www.che4a.org (3% fee) or TDF (0% fee)

Taste and See (*Psalm 34:8*)

Learning moringa!

A road construction worker who moved to Bondoukou for work visited our co-worker for help a few weeks ago. She said God showed her in a dream multiple forms of Moringa to use and to seek them out. She met Koffi through road construction mates several times, telling fantastic stories, then visited at Verlin's invitation so he could hear her 'dream' story himself. When asked how she'd heard about Moringa, she said: "God revealed it to me in a dream." Verlin taught her about dreams and learned she'd once heard of Moringa before her problems developed. He taught her how to use Moringa properly to enjoy the good outcomes while avoiding the bad ones, detailing amounts and preparation for use in more ways than one. He then gave her five days of leaf powder to try, from a stock produced last week from trees in our yard, for which she contributed cash to Koffi, since he'd done the drying and pulverizing of the leaves. She credits God with answering prayers for the recovery of her sight by guiding her to us for Moringa. Some back pain from work also disappeared, and she can read fine print again. She is eager to see whether any additional changes, besides her renewed energy *(probably from increased iron levels)*, will enhance her life. It's another promotion for the Ag project and God's hand in developing it in the region to meet needs while witnessing to Jesus' love.

Come and See (*Psalm 66:5*)

This week, our work included preparing an expense report, arranging details for next week's trip to check in on the brick press in southwestern Côte d'Ivoire for the local Ag effort that will produce Moringa, and receiving guests Verlin connected to various CHE programs now running in the nation. He encouraged one man who helped us enormously between 2006 and 2012 by translating CHE lessons and FWB books from English to French. Verlin explained how, over a decade later, those lessons benefit the nation's public health department and bring village transformation in many locations. That department is his present employer. After watching the most recent video of the UFHB training, he realized his advancement at work may now depend on putting into practice what he translated! In other news, we both completed our differing fasts this week. Verlin's 3-week gut health reset finished Friday. Debbie has been recovering since Wednesday from her supervised, distilled-water fast, which we pray will heal her benign adrenal growth; she is doing well. She looks forward to flying to Tennessee on November 21st.

Prayer and Praise

- Thank the Lord for the many ways He gets our attention to obey! Pray that the lady who sought help with her health effectively testifies for Jesus and His provision.
- Next week, barring any funeral rite delays, Verlin, two stakeholders, and an engaged trucker will travel to evaluate the brick-making machine. Pray God blesses that trip.
- Praise the Lord with us that our granddaughter, Chelsea, will be baptized this Sunday!

Your partners in the Gospel,
Verlin & Debbie
